Subject: Re: LWG application for Section 10 Permit

Hey -- thanks Gene for the update. Just wondering ... has anyone looked into the possibility of adding an additional ODFW staff as a permit holder, whether Gary would be amenable to this, and what all hoops might be entailed? My understanding of the process is that an addendum can be as onerous as a full permit application, but I'm not sure whether adding a name would constitute an addendum. In any case, I'm copying Leslie and hope for some guidance on this question.
